

# TRADING AT NAS EVENTS 2017

The 2017 VW events season is almost upon us - and the economic climate appears to be in flux right now. What is that going to mean to this season's VW events?

We are sure that you will have a view on how trading conditions have been over the last two or three years. Thankfully, recent show seasons in general appeared to be very buoyant.

Every event we have ever held, over 30 years, has seen traders attend and make money. Every time someone has a good show it has been because they had the right products, at the right price. If you have that, then we would love to see you trading at NAS Events shows during 2017.

For our part, we are confident that in their sector, NAS Events shows are *must do events* for many enthusiasts, and expect our attendances to hold up well. Our experience through 2016 was that whatever else people gave up for economic reasons, it wasn't attending VW Action - the show saw increased attendances and was very well received. Both of the GTI Festivals were well attended too,

The 2017 GTI Spring Festival will be held on Sunday 9th April, and has developed appeal to all enthusiasts of Skoda, SEAT, and Audi as well as the ubiquitous VW. It also features a 'show within a show', in the form of GIRLZ N DUBS, which has activities and show classes exclusively for female VDUB lovers. On top of the **NOW REDUCED TRADE PLOT PRICES** - everyone booking a trade pitch at the GTI Spring Festival will automatically qualify for a **50% discount** off trade stand charges at the GTI Festival 'Season Finale'. Please call 01279 725252 for any further clarification. The second GTI date of 2017, the GTI Festival 'Season Finale' will be held on Sunday 8th October, and will be our final event of the year.

VW Action 2016 was once again nothing short of an exceptional event, and has truly found a new home at Santa Pod. Different to the other Santa Pod VW shows, Action, being held almost entirely on the *greenfield* side of the site, actually feels a great deal like all other Action events of the last decade, but with a dragstrip 'next door'. All in all, VW Action is one of the very best family VW events in Europe, and 2017's event is scheduled for 1st - 3rd September - please note this year's event will be heavily advertised. It is the most unmissable of all NAS Events Shows for 2017.

## SPONSOR THE NIGHT RACING AT VW ACTION FOR JUST £100

The last few years has seen the VW Night Racing at VW Action 'sponsored' by kind individuals and companies (and we add to the pot ourselves.) The prize fund is divided up between the 10 Quickest VW Cars (aircooled and watercooled) and 5 Quickest VW Buses/Vans to run in the night session. Every penny goes to the racers. For just £100 you can have your company (or yourself) name-checked as a kind sponsor, on the VW Action website, our busy FaceBook page, several VW Forums, in all press releases to the magazines, the printed event programme and over the P.A. system at the event itself - plus you get that warm glowy feeling of knowing you've 'given something back'. The invoice/payment is totally tax-deductible too as 'advertising'. So, please think about supporting this element of the show. Please call 01279 725252 or email nasevents@orange.fr for any further clarification.

Here's to a busy and profitable 2017 for all.

**NAS EVENTS.**

To trade at any or all NAS Events shows, please complete and post the trade application forms enclosed or PayPal email your payment, requirements and full postal address. Or, please telephone 01279 72 52 52 for BACS/Bank details for electronic transfer.
