

TRADING AT NAS EVENTS 2012

So the 2012 VW events season is almost upon us, and the economic climate continues to be uncertain, at best. What is that going to mean to this season's VW events?

We are sure that you will have a view on how trading conditions have been over the last two or three years. For many it will be even more important this year to not miss any sales opportunities, be they mail order, shop sales, or at shows.

Every event we have ever held, over 24 years, has seen traders attend and make money. Every time someone has a good show it has been because they had the right products, at the right price. If you have that, then we would love to see you trading at NAS Events shows during 2012. For our part, we are confident that in their sector, NAS Events shows are *must do events* for many enthusiasts, and expect our attendances to hold up well. Certainly our experience through 2011 was that whatever else people gave up for economic reasons, it wasn't attending NAS Events shows - all seeing increased attendances and being very well received.

This year we have changed things around slightly, and have a **new show at Stithians Showground in Truro, Cornwall**, which is a three day event we are organising to coincide with the finish of a John O' Groats to Land's End run (on mopeds with VW Camper 'support' vehicles following.) As with the run itself, proceeds from the event will go to Brad's Cancer Foundation - so your Trade Stand booking will also be helping a great cause. The Stithians venue offers excellent facilities for a 'VW Action' show, excellent access, and competitively priced trade stands. **VW Action Southwest**, will be held over 13th - 15th April 2012 - we would dearly like to see you in attendance.

The GTI Spring Festival will be held a week later on Sunday 22nd April, and has developed appeal to all enthusiasts of Skoda, SEAT, and Audi as well as the ubiquitous VW. It also features a 'show within a show', in the form of GIRLZ N DUBS, which has activities and show classes exclusively for female VDub lovers. Everyone booking a trade pitch at the GTI Spring Festival will automatically qualify for a 50% discount off trade stand charges at the GTI Festival 'Season Finale'. Please call 01279 725252 for any further clarification. The second GTI date of 2012, the GTI Festival 'Season Finale' will be held on Sunday 14th October, and will be our final event of the year.

Last year's one day VW Action Lazy Sunday event was a resounding success with thousands of visitors enjoying the sunshine and Dubs at Uttoxeter Racecourse. We are repeating it again this year on Sunday 29th July 2012.

VW Action 2011 was once again nothing short of an exceptional event, and has truly found a new home at Santa Pod. Different to the Santa Pod VW shows, Action, being held almost entirely on the *greenfield* side of the site, actually feels a great deal like all other Action events of the last decade, but with a dragstrip 'next door'. All in all, VW Action is one of the very best family VW events in Europe, and scheduled for 31st August - 2nd September. It is the most unmissable of all NAS Events Shows for 2012.

Here's to a busy and profitable 2012 for all.
